

## Visiting students: prices

The prices are calculated taking into account the number of credits assigned to each subject according to the experimental level of each qualification.

The experimental nature of graduate studies is established annually by Order in Council of Government of the Madrid Community, resulting from each application, the following prices for the academic year 2011/2012:

### Másters

---

Experimental level	First registration
Type "1" (corresponding to the level of experimentation 1.2 and 3 of graduate studies)	98,79 €
Type "2" (corresponding to the level of experimentation in teaching 4 of graduate studies)	91,74 €
Type "3" (corresponding to the level of experimentation 5 and 5a of graduate studies)	84,72 €
Type "4" (corresponds to the level of experimentation 6 of graduate studies)	77,67 €

THE FOLLOWING MASTERS HAVE DIFERENTE PRICES.

Masters	First registration
Máster in work related risk prevention	225 €
Master in Management	349,98 €
Master in Finance	349,98 €
Master in Development and Economic Growth	300 €

\* Estas tasas se corresponden con el precio de crédito local

Payment is made at the beginning of the semester, collaborating with financial institutions (Caja Madrid and Santander)

Type 1	Type 2	Type 3	Type 4	Different prices
Master in Materials Science and Engineering	European Master in Nuclear Fusion Science and Engineering	Master in Libraries and digital information services	Master in Economic Analysis	Máster in work related risk prevention
Master in Computer Science and Technology	Science and Engineering Physics	Master of Applied Research in the Media	Master in Actuarial Science and Finance	Master in Management
Engineering Master of Machines and Transportation		Master in Documentation	Master in Private Law	Master in Finance
Master of Engineering and Logistics		Master in Mathematical Engineering	Master in Public Law	Master in Development and Economic Growth
Masters in Telecommunications Engineering		Master in Industrial Mathematics	Master in Business Economics and Quantitative Methods	
Master in Electrical Engineering and Automation			Master of Advanced Studies in Human Rights	
Master in Computer Engineering			Master in Cultural Heritage	
Master in Thermal Engineering and Fluid			Master in Theory and Criticism of Culture	
Master in Engineering Telematics				
Master in Multimedia and Communications				
Master in Advanced Structural				

Mechanics

Master in Robotics  
and Automation

Master in Advanced  
Electronic Systems

Master in Industrial  
Engineering
