

Dear Students,

Following the message sent this Saturday by my colleague the Vice-Rector for Students and Equality, I wish to remind you that from **Tuesday 21 until Thursday 23 September** you can receive your **COVID 19 vaccine on campus**.

For that purpose, mobile units are located at:

- [Getafe Campus](#) (building 17, ground level).
- [Leganés Campus](#) (Auditorium, multipurpose room, ground level).

Please read the message below to make sure that you know all the details of the campaign.

I strongly encourage you to complete your vaccination protocol or to get your first dose as soon as possible. Full commitment with prevention, hygiene and safety measures are essential to stop the spread of COVID-19 and to ensure a safe and enjoyable exchange period at uc3m.

Best regards,

Matilde Sánchez Fernández

Vice-Rector for Internationalisation and European University

Dear students,

As a part of the **vaccination campaign promoted by the Regional Government of Madrid** especially oriented to both Spanish and international university students, mobile units will be located on UC3M campuses:

- Getafe Campus (building 17, ground level).
- Leganés Campus (Auditorium, multipurpose room, ground level).

At both locations you will be able to start or complete your vaccination schedule without prior appointment, presenting an identification document to properly register the vaccination (ID card, Health card, NIE, Passport for international students).

In the case that:

- you have received the first dose and you have exceeded the mandatory period between doses, you must provide the document certifying that first vaccination.

· you have passed the COVID-19, allow one month after the infection (provided you are recovered), both to receive the first dose and to receive the second dose.

The vaccination facilities will be available on **September 21, 22 and 23 from 10:00 am to 6:00 pm.**

After three weeks, these mobile units will be available again to dispense the second dose.

We have also requested the Colmenarejo Campus to be a vaccination point, we are awaiting the response and confirmation from the health authorities.

For more information, please visit the [website](#)

<https://www.comunidad.madrid/servicios/salud/vacunacion-frente-coronavirus-comunidad-madrid>

It is important to remember that in indoor spaces it is mandatory to wear a **mask**, and also in outdoor spaces when sufficient interpersonal distance cannot be ensured.

Best regards,

Mónica Campos
Vicerrector for Students and Equality
