**EDUCATIONAL  
INVOLVEMENT**

**COMPLEMENTARY  
EDUCATION**

# What does BEST have for you?

- All kind of events:
  - On career support
  - On education
  - Others: sustainability, soft skills
- Engineering Competitions
- BEST Courses

- **What?**  
Express ideas to improve European STEM education.
- **Who?**  
Students, academic representatives, company representatives and our partners.
- **Topic examples:**
  - ★ Diversity in STEM education
  - ★ Digital Literacy
  - ★ Innovation in teaching methods
- **Outcomes:**  
Concrete solutions or actions to make a difference and reach a better education system.
- **Share and build the future!**

# European BEST Engineering Competition

## → What?

A multiple-level engineering competition that gives students the opportunity to put theoretical knowledge into practice.

## → Who?

- Students, teams of 4.
- University professors
- International companies representatives before and during the competition.

## → How?

Through tasks designed by companies or professors.

- ★ Case Study
- ★ Innovative Design

## → Surpass yourself and go as far as possible!

→ **What?**

Learning new things and build a stronger knowledge background with lectures, company visits, projects, and so much more!

→ **Who?**

Students from all over Europe, professors from top Technological Universities and companies.

→ **Courses on:**

- ★ Technology
- ★ Applied Engineering
- ★ Career Related Skills

→ **Course Information Form (CIF)**

- ★ Result of the examination
- ★ ECTS thanks to Erasmus+

→ **Grow your skills and discover new cultures!**

**Almost 100 Courses every year!**

- **What?**  
Online career-oriented set of tools to connect internationally-minded students with companies and universities.
- **Who?**  
Students, recent graduates, universities and companies.
- **Topics:**
  - ❖ Career and Study Opportunities
  - ❖ Career Newsletter
  - ❖ CV database
  - ❖ Webinars
- **Connect to a lot of new opportunities!**

# Madrid Engineering Week

## → What?

A week full of conferences, competitions and workshops that will let you take your soft and hard skills to a new level!

## → Who?

This event is organised entirely by BEST students in collaboration with a variety of companies (last years' partners include IBM, Indra, Thales and SAS).

## → When?

The event will be in **November**, so stay tuned! News will arrive soon to our social media channels!

→ **What?**

A competition with two categories (Case Study or Innovative Design) where you will test your skills working with your team. The winners will go to the next round!

→ **Who?**

- Teams of 4 students of technology
- Involved companies.

→ **When?**

In November, during Madrid Engineering Week.

→ **What?**

The second round of the competition, with the same two categories as the first round. Its winners access the Final Round of EBEC!

→ **Who?**

Winner teams from 9 different Local Rounds from both Spain and Portugal.

→ **When?**

During the second semester of this year. This edition will take place in Technical University of Madrid.

# Our BEST Course in Summer

- **What?**  
10 days of learning new things and building a stronger knowledge background with lectures, company visits, projects, and so much more!
- **Who?**  
22 students from all over Europe, professors from top Technological Universities and companies. Last year, we collaborated with IBM.
- **When?**  
In summer, around June or July.
