in Investment Banking
with Santander

About the Programme

We are looking to hire talent to be the future leaders of Santander Corporate & Investment Banking (Santander CIB) through our summer and graduates programme.

Our international programmes offers you a unique experience in a global investment bank. You will join a diverse and dynamic team that will provide learning and development opportunities to grow both professionally and personally.

We are looking for

The best talent to support our growth ambition. Candidates highly motivated to bring out-of-the-box perspectives:

- For Summer Programme: second to last year of undergraduate studies, or the first year of a master's students
- For Graduate Programme: Recent graduates or final-year students for both masters and undergraduate.

Why Santander CIB?

We are part of one of the world's leading financial services groups. With the business transformation that we started a couple years ago we have grown and diversified our franchise, and we have tightened our partnership with our clients becoming a key industry player, committed to delivering best-in-class solutions, including those required to accelerate the path to more sustainable business

What we offer

Joining our international Grads community you will gain an all-round understanding of the investment Banking business through immersive training, participating in an array of exciting projects and initiatives.

You will be combining hands on experience in different projects whilst training on both technical and interpersonal skills to help accelerate your professional and personal development during the programme.

You will become part of a leading global team taking part in landmark transactions, gaining a full understanding of the Banking industry and working side by side with passionate and experienced professionals.
