Diversity,  
Disabilities,  
Accessability

We encourage international students to follow these steps in order to get ready for their new adventure abroad:

- Students should consult the [guide for international students: "Before your arrival"](#) in order to prepare for the administrative formalities they will need to take of before starting their studies at GEM.  
For more information: <https://en.grenoble-em.com/grenoble-student-integration-services>
- International students will be contacted by the **GEM International Student Integration "ISI" Service from May onwards** (first semester/academic year enrolments) or **from November onwards** (second semester enrolments).
  - Students will be contacted by the **GEM "ISI" Service** with the information necessary to organize their accommodation and other administrative formalities. This will include access to the school housing platform.
  - To ensure that students receive all the latest information from the GEM ISI Service, **they need to add [contact@powow.grenoble-em.com](mailto:contact@powow.grenoble-em.com) mail to their email contact preferences and check their spam inbox.**

Important:

- Reserving housing independently without the guidance of GEM ISI Service may lead to an unsatisfactory experience. Our help aims to ensure that students find safe and suitable accommodation for their student lifestyle.
- Once accommodation is reserved through the school housing platform, students will be able to request a housing certificate necessary for the visa application. GEM cannot provide you with this certificate as the School does not have its own student residence or dormitory.

Visa applications can take up to 3 months, students need to start this process as soon as possible. We recommend students to consult the official French [visa wizard](#) to help them identify whether they require a student visa and know to which consulate they should submit their application. It is also advisable to contact your local [Campus France](#) agency for guidance in the visa application process.

Students with a disability benefit from special arrangements and personalised support to facilitate their education and professional integration. To this end, a file must be filled out and submitted to the dedicated service upon entering GEM.
