

## Study Abroad programme updates 2024/25 - Law units

Our Law School are changing the structure of their programmes from 2024/25. Instead of all units being taught across the academic year, as it has been until now, they will be delivering a combination of year-long and semester-long units. All units will be worth 20 Bristol credits.

Please find below a list of the units the school plan to offer to inbound study abroad students for the 2024/25 academic year to help illustrate the changes. Please note that this may be subject to change as all curricula can be, but we hope this provides a helpful indication of how the programme will look under our new academic year structure.

### Year 1

Year-long (TB4)	Autumn semester (TB1)	Spring semester (TB2)
