Meet Ranique

An inspired social entrepreneur

When Ranique enrolled in an Entrepreneurship and Innovation course as an elective, the third-year math student didn't realize it would change her life.

Inspired to compete in the RBC Fast Pitch student competition at the Haskayne School of Business, she created Hidden Gemz, an app designed to transform the way Gen Z explores and interacts with the world around them.

Ranique earned a spot as a finalist in the Launchpad Liftoff! Pitch Competition and Innovate Calgary's BIPOC Women in Tech Pitch Competition. As her app attracts attention, so does she—for her entrepreneurial leadership.

A self-confessed social entrepreneur, Ranique says her experiential learning journey has been one of the best decisions of her academic career.
