COVID-19	Fudan University is still closely monitoring the situation regarding COVID-19 although many students are back to campus now for face-to-face teaching. Please kindly note that Fudan SOE might have to provide the blended teaching format in fall 2022 if international students can not physically come to Shanghai due to the uncertainty regarding visa application, ever-changing global travel restrictions, expensive flight ticket, etc. Please be prepared for the possibility that you may not be able to make it to come to Fudan University for the exchange and we will keep you informed of any news we have at this end.

Courses (If at the end you take courses online please note you can only take courses offered by SOE.)	Undergraduate Students	If you apply based on this information sheet you will be a department-level exchange student at Fudan, different from the university-level exchange students. SOE's undergraduate exchange students enroll in undergraduate courses online and submit a form for master courses after registration at SOE. Undergraduate students can choose: Undergraduate courses; SOE's EMA (English master) courses; SOE's short master courses. If the undergraduate courses or the master courses of the semester you want to stay here are not available yet at the links provided above, please use the list of the previous year for reference.
	Master Students	SOE's master exchange students enroll in courses online after registration at SOE. Master students can choose: SOE's EMA courses; SOE's short master courses; Short courses are taught by scholars from overseas, each of which lasts about 2 weeks and is worth 1 credit. The course titles together with the syllabi are posted on our website before each semester starts.
	If due to travel restrictions international students can't enter Chinese mainland and choose the online exchange, please note:	1. You can only take courses offered by SOE. 2. For the English-taught undergraduate program of economics at SOE, the courses will be taught in the blended mode with PPT, board writing and voice recorded for students who are not physically in the classroom. From past experience virtual exchange students may not like this format. 3. There will be around 6 undergraduate courses that will be entirely devliered online. More details will be sent later. 4. SOE's EMA courses will be taught via zoom live if most of the international students cannot enter Chinese mainland. 5. Since international exchange students are not coming to Fudan in person, the visa documents will not be issued and there will be no dorm booking.
Calendar	https://jwc.fudan.edu.cn/8f/86/c27267a429958/page.htm The courses of the fall semester of 2022 will start on September 5th and the semester will finish on January 7th, 2023. The EMA courses and most short courses in the fall semester usually finish before the end of December.	
Accommodation	Foreign exchange students can apply for on-campus dorm rooms which are in the charge of the university's International Students Office, and the information about the dorm can be found at http://www.fso.fudan.edu.cn/en/house.htm . The brochure that accompanies the visa and admission documents instructs how to book a dorm room online during the period specified by Fudan International Students Office, and the time for dorm booking will be posted on the ISO website several weeks before the registration date. If you encounter any problem when booking online please immediately contact the ISO to get it solved in case the rooms run out. It may be hard to get a dorm room especially for the fall semester. If you miss the reservation deadline, or are put on the waiting list, you may consider renting an apartment around campus. Foreigners need to register with the local police station within 24 hours after moving into an apartment. For this registration a contract and security license provided by the landlord will be required. Therefore Airbnb is not recommended because the landlord may not be able to provide you with the documents needed. There are real estate agencies everywhere and you can simply rent an apartment together with other exchange students after you arrive.	
Insurance	The insurance specified by Fudan University is compulsory. For your own good please remember to purchase it at the foreign students dorm after you arrive regardless of the insurance you purchase at home. The price is 400 yuan for one semester and 800 yuan for one year.	
Buddy	Your buddy will email you before you arrive and help you integrate into Fudan.
