Before arriving in Spain:

a. Students from the European Union, Norway, Iceland, Liechtenstein or Switzerland and family members
   If you are a national of one of the mentioned countries, you will only require a valid national I.D. card or passport from your country of origin to enter Spain.
   If you are going to stay more than 3 months, consult the section “On arriving in Spain”.

b. Students not from the European Union, Norway, Iceland, Liechtenstein or Switzerland
   Those nationals who are required to obtain a visa to enter Spain must apply for one at the Spanish consulate in their country of residence.
   Exchange students must apply for a student visa, not a tourist visa, for their stay at the UC3M.
   The documents required for the application vary according to the motive for applying, the age of the applicant, etc.
   Please check the web page of Spain’s Ministry of Foreign Affairs and Cooperation, http://www.exteriores.gob.es/Portal/es/Paginas/inicio.aspx, to find the types of visas and documents required.

c. Students from outside the European Union, Norway, Iceland, Liechtenstein or Switzerland but taking part in a mobility program in the European Union
   If you are already studying in a country from the European Union and you come to study at Carlos III, due to your citizenship Spain requires you to apply for a visa because you are studying at a non-Schengen country, therefore you should apply for your student visa at the nearest Spanish consulate in your country of residence.
   If you come from a country which Spain doesn’t require you to issue a visa and you have a residence permit from a country within the European Union, Norway, Iceland, Liechtenstein or Switzerland, you won’t need to apply for a visa.
   If you plan to stay in Spain longer than 6 months please read the information on “On arriving Spain”

*Note: EU members are the following: Germany, Austria, Belgium, Bulgaria, Cyprus, Croatia, Denmark, Slovakia, Slovenia, Spain, Estonia, Finland, France, Greece, Hungary, Ireland, Italy, Latvia, Lithuania, Luxemburg, Malta, Netherlands, Poland, Portugal, United Kingdom, Czech Republic; Romania; Sweden.
STUDENT VISA

This enables the holder to be in Spain for periods longer than 90 days to undertake or further one’s studies in an authorized educational institution in Spain, in a full-time program which leads to the attainment of a degree or certificate of studies.

The duration of the stay will be equal to the duration of the course to which the applicant has been admitted or the research project that they will carry out, with a maximum stay of up to 1 year.

You must apply for the visa through the Spanish consulate in your country of residence. The application must be filed in person although in some cases the documentation may be submitted by mail.

Some Consulates may require to have an appointment.

At the Spanish Ministry of Foreign Affairs webpage you will find where the nearest Consulate is located, specific fees to be paid depending on your nationality and documents to be submitted:

http://www.exteriores.gob.es/Portal/es/ServiciosAlCiudadano/Paginas/EmbajadasConsulados.aspx#

Documents normally required to process the visa (original and copy):

• **Application Form** for a national visa. It can be downloaded from this web page: http://www.exteriores.gob.es/Embajadas/OTTAWA/Documents/Solicitud%20de%20visado%20nacional%20Espa%c3%b1ol.pdf

• **Valid passport** for the duration of the stay (otherwise, it must be renewed)

• **Document that certifies admission** to any of the programs of the UC3M or research project, outlining the contents of the course of studies, training or research

• **Medical insurance** that covers medical expenses for the duration of the stay and repatriation in case of accident or sudden illness. Some Consulates may require a mandatory minimum coverage.

• **Document that certifies you possess sufficient economic means for subsistence and housing** for the period requested and to guarantee your return to your country of origin. The economic means required are equal to the monthly quantity of the IPREM (legally established index according to which government aid, grants, etc. are awarded in Spain), which for 2016 was set at 532.51€ per month, so the total for a full one-year course would be 6,390.12€. For stays of less than one year, the total would be 532.51€ multiplied by the number of months your stay in Spain will last.

• **Housing in Spain** (not required in all cases)

• **Passport-size (32 x 26 mm) color photos** with white background. The number of photos required depends on the consulate and will vary from 2 to 4.

• **Proof of payment of consulate fees** (different in each one)

If your studies or research will last more than 6 months, you must also provide:

• **Medical certification** that you suffer from no contagious illnesses that must be treated under quarantine issued within the last 90 days.

• **Police record** issued by the authorities of your country of origin or the country where you have lived for the last five years, issued within the last 90 days. Some Consulates placed in the US may accept a state-
level background check from the state of residence (although FBI Background Check is still the most suitable documentation).

The Police certificate must be authenticated by the embassy or the apostille (Hague Convention). Authentication by the Apostille of The Hague will only be accepted if the issuing country is signatory to such agreement.

The consulate may want to meet with you for a personal interview.

The official period for processing the permit is seven days from the date the application is submitted. If you receive no response within this period, it can be assumed that the response is favorable and the visa has been granted.

The official period for collecting the visa is TWO MONTHS* from the date of notification. At that time, you will have to go to the consulate to have the visa stamped in your passport. If you do not collect the visa in those two months, the application will be rejected.

*Note: Given the large number of applications received by the consulates, it is possible these periods are not adhered to. As such, we recommend not putting off your application for the visa and confirm the periods for each consulate at http://www.exteriores.gob.es/Portal/es/ServiciosAlCiudadano/Paginas/EmbajadasConsulados.aspx

Through the following link you can check the status of your application: https://sustramiteconsular.maec.es/Home.aspx

TYPES OF STUDENT VISAS:

A. For single-semester students (stays of less than six months):

If you are only going to stay at the UC3M for one semester, you must be aware that your visa covers the length of your stay with us. You will be granted the visa for a period of around 180 days (depending on the consulate, it may be a few days less).

Make sure you are granted visa type “D” and with multiple entries. That way, you can travel to your home country and back to Spain several times during your stay.

If it is not a type “D”, return to the consulate to modify it. It will not be possible to do so once in Spain.

Under no circumstance should they grant you a 90-day visa.

The 180 days student visa allows you to be in Spain but is not valid to travel freely within the Schengen* area.

Authorized period of stay in Spain: At Madrid’s airport (or any other in Europe), you will receive a stamp with the official date of entry in Spain. You should calculate the authorized period of stay in Spain starting from this date (if you enter Spain on September 1st, 2016 and your visa is for 180 days, your visa will expire in a period of 180 calendar days).

These Visas can be extended once in Spain through the procedure explained in section C, page 10 which describes the steps to extend your student visa.
Please note that, in order to request the extension of the visa, the Foreigners’Office (Oficina de Extranjeros) will ask you to hand in a police record issue from the countries in which you have lived in the last five years. These documents should be legalized and need a certified Spanish translation.

Getting the previous documents might be complicated and take some time. Therefore, we recommend you to get some advice at your home country on how to get the police record.

Besides, it will be possible that you have some difficulties to travel outside Spain, as the visa you had to enter in Spain will be expired and the extension of the visa from the Foreigners’ Office (Oficina de Extranjeros) is not a valid document that you can use to travel outside Spain.

*Note: the following are the Schengen countries: Germany, Austria, Belgium, Bulgaria, Cyprus, Denmark, Slovenia, Slovakia, Spain, Estonia, Finland, France, Greece, the Netherlands, Hungary, Iceland, Italy, Latvia, Liechtenstein, Lithuania, Malta, Norway, Poland, Portugal, Czech Republic, Romania, Sweden and Switzerland.

Example of a student visa for a one-semester student:

B. Full-year students (stays longer than 6 months)

If you are studying at the UC3M for a full year, the Spanish Consulate will grant you a visa with a maximum stay of 90 days (in some cases, it will be 30).

Once you arrive in Spain, you will have one month to apply for the foreign student ID card, (see section “On arriving in Spain”), a document that will allow you to be in Spain for the entire length of your visa.

Make sure you are granted a type “D” visa with multiple entries. You will then be permitted to travel within the Schengen Area* and enter Spain freely during your stay.

If you are not granted a type “D” visa, return to the consulate to rectify it. It will not be possible to change it from Spain.
Note: the following are the Schengen countries: Germany, Austria, Belgium, Denmark, Slovenia, Slovakia, Spain, Estonia, Finland, France, Greece, the Netherlands, Hungary, Iceland, Italy, Latvia, Liechtenstein, Lithuania, Luxemburg, Malta, Norway, Poland, Portugal, Czech Republic, Sweden and Switzerland.

Example of a student visa for a full academic year:

Period of time allowed to enter Spain

This allows you to enter Spain as many times as you want for the duration of the visa

Your visa will expire in 90 calendar days from your official date of entry in Spain

IN CASE YOUR PASSPORT OR STUDENT ID IS LOST OR STOLEN

If your documents are lost or stolen, go to the nearest state police station to report it. The following site has information on how to do it and how to find the police station closest to your home. http://www.policia.es/

At the station, you will be given several copies of the report which you can use as proof that your passport or student ID card is lost.

If your passport has been lost or stolen, follow the procedure below:

First—Go to your embassy or consulate to apply for a new one.

Second—If your stay in Spain is no longer than 6 months, you are not entitled to a student ID card, so you must go to the Ministry of Foreign Affairs, Consular Affairs Department
(www.maec.es) on the Calle Juan de Mena, no. 4, and request a certificate which indicates the length of your authorized stay in Spain. The certificate will be sent to the address listed on your application. It is not needed to make an appointment. You will have to go there from 9:00 to 14:00 bringing a copy of your passport, visa, NIE card and Police report.

**Important:** You will not receive a new visa in your passport, since this procedure can only be done through the Spanish consulate where you initially applied for the visa.

If it is your student ID card that is lost, once you have filed the report, you must go to the Provincial Office of Immigration and Documentation and apply for a duplicate of the same. The address of the office is Av/ de los Poblados s/n (Aluche subway stop) and business hours are from 9:00 to 14:00

To apply for the duplicate, you must take the following documents with you:

1. Passport
2. Copy of the old student ID card, if you have one
3. Fee 790, Code 012 (15.60€ for a first-time permit and 18.73€ for an extension
4. Certificate of up-to-date registration with the town hall, if you have changed addresses
5. Original and copy of the report filed at the police station

Once your fingerprints have been taken, you will have to wait approximately 40 days to go back and collect the new student ID card, which will be valid for the time remaining to complete your studies in Spain.
