LIVE AND STUDY IN THE HEART OF ASIA

Home to a melting pot of cultures, Singapore is a vibrant, cosmopolitan city where tradition meets modernity. Every year, we welcome international students and adventure seekers from all over the world to our shores.

GOVERNMENT-FUNDED UNIVERSITY

Established in 2000, the Singapore Management University (SMU) is conveniently located in the heart of Singapore. Since its inception, SMU has rapidly established itself as a specialised, premier university focused on Management, Social Sciences, Technology, and their intersections.

SMU produces future-ready graduates and leaders of tomorrow, who are not only well prepared but highly adaptable for the knowledge-based economy.

STATE-OF-THE-ART FACILITIES AND STRATEGIC LINKS WITH BUSINESSES

Equipped with modern facilities and located in the heart of the business, financial, arts, and heritage district of Singapore, the university enjoys strategic links with businesses, governments, and the wider community in Singapore and beyond.

INNOVATIVE TEACHING PEDAGOGY

SMU's integrated, research-teaching-learning-practice approach is designed to foster innovative learning experiences, develop influential change agents and leaders of the future. Our goal is to create a positive impact on businesses, governments, and societies in Asia and beyond.

A VISION FOR ASIA

SMU's vision is to be Asia's Knowledge Hub – an iconic global-city university that generates leading-edge research and excels in tackling the world's complexities.

Our approach to learning focuses on a highly interactive and multi-disciplinary route.

*According to the 2017 Graduate Employment Survey conducted by SMU and other Autonomous Universities in Singapore.

JUMP START YOUR DREAMS

**Quality Education,
Worldwide Recognition.**

SMU offers quality education built around holistic student learning and development. Known for delivering world-class, multi-disciplinary research, and distinguished teaching, SMU's programmes are designed to address significant Asian issues with global relevance.

Whether you are looking to pursue a Bachelor's degree, Master's degree or even a PhD programme, SMU gives you internationally-recognised qualifications to enable you to seize global opportunities to work abroad.

SMU is ranked

11th

among specialist universities of the world*

Schools Research Rankings

*The Quacquarelli Symonds (QS) World University Rankings (WUR) offers a combined ranking of four categories of universities: full comprehensive universities, comprehensive universities, focused universities and specialist universities. All 959 universities ranked by QS are sorted using the QS classification system to ensure comparability. SMU is classified as a specialist university in the Quacquarelli Symonds (QS) World University Rankings (WUR) 2018. This puts us together with established institutions such as the London School of Economics and Political Science, Sciences Po Paris, University of St Gallen, and Hitotsubashi University.

FROM THE CLASSROOM TO THE WORLD

Learn in a highly interactive environment.

We know you want an education that will give you a distinct edge in your career. To thrive in an increasingly fast-changing world, you need to be equipped with specialist skills and knowledge.

Experience our award-winning pedagogy and curriculum

SMU's case-based learning approach is part of our interactive pedagogical learning, which includes seminar-style learning, debates, question and answer, as well as participatory and active learning approaches. SMU's three-pronged pedagogical approach enables sharp thinkers to pick up in-demand soft skills to become successful communicators and presenters.

Technology-enhanced Learning

State-of-the-art technology and equipment allow SMU to provide you with a better way to learn e.g. learning apps enhance interactive learning and complement classroom learning.

Interactive Learning

Speak your mind and think on your feet! At SMU, expect to take part in lively debates and intense discussions in seminar-style classes! Spar intellectually with faculty members to boost your analytical skills. You'll learn to be a sharp shooter and communicate your point of view with confidence.

Experiential Learning

Experiential, Collaborative, Interdisciplinary – SMU-X courses are known for redefining innovative learning. Through project-based lessons, you will work with industry experts, faculty members, and the community to create real-world solutions and a lasting positive impact. Get the SMU-X Factor!

IT'S A BIG WORLD OUT THERE

Where would you like to go first?

All SMU students will acquire overseas exposure before graduation. All you need to do is open your mind to a world of learning opportunities!

SMU's Global Exposure Programmes

- International Student Exchange Programmes
- Overseas Study Missions
- Overseas Internships
- Overseas Community Service Involvement Programmes
- Sino-Singapore Exchange Programme
- Summer Programmes
- Global Innovation Immersion
- SMU-X Overseas

Secure an edge
in an increasingly competitive employment market

Get ready to gain **fresh insights**

Experience living in **another country**

100%
opportunity for SMU students to participate in a Global Exposure Programme

Seize opportunities to **build connections** with future business collaborators

Over **240** partner universities worldwide

Tan Jun Wei (second from the left) fits right into the University of Pennsylvania's (USA) learning environment, which has close similarities in pedagogy and curriculum with SMU, during his overseas exchange programme.

"Living in a fresh new environment helped me rediscover the joy in trying out new things, **meeting new people, and taking on new challenges.**"

Tan Jun Wei
School of Economics
Double degree in Economics & Business Management

Manorama Singh (centre) with the beneficiaries of her scholarship (Manorama Scholarship) from Little Stars School, Varanasi, India.

Manorama Singh
Senior Officer, SPRING Singapore
Bachelor in Business Management

Manorama Singh believes that our world can be made **stronger, kinder, and more loving** if we all chose to help one another. From tutoring students with financial difficulties and teaching exercise routines to the elderly, to bringing light in the form of solar-powered bulbs to villages in the Philippines and setting up her own scholarship fund for needy students in India, Manorama's selflessness has impacted the lives of so many.

MODERN CITY CAMPUS

SMU is located in the heart of Singapore's civic district where modern developments and skyscrapers stand side by side with heritage buildings with rich historical, architectural, and cultural significance. We are the only university in Singapore with a modern campus in the heart of the civic district, bringing together the SMU family and the local community.

THE PULSE OF THE CITY

Museums, art galleries, theatres, historic sites, and the Supreme Court are only a stone's throw from SMU's city campus. And within campus, our buildings are linked via a well-connected underground concourse that features cosy study nooks, shops, and other amenities.

Our location keeps us close to international and regional events that host key business partners and eminent world leaders such as Hilary Clinton and Aung Sung Suu Kyi, both of whom we had the privilege of hosting at our SMU campus.

NEW INNOVATIONS AT CAMPUS GREEN

We continually create new spaces to enhance SMU's teaching and learning through new innovations. As part of our Campus Green project, SMU recently launched new auditoriums, study spaces, and a brand new three-level SMU Gymnasium and Fitness Centre, complete with dance studios.

NEW SCHOOL OF LAW BUILDING AND KWA GEOK CHOO LIBRARY

Argue your case in a spacious new moot court in the new School of Law Building and Kwa Geok Choo Law Library. Aside from its sophisticated facilities, the Law building is in close proximity to the Supreme Court and well-designed to enrich the learning journey of students.

ENRICHING CAMPUS LIFE

SMU is much more than an academic institution.

SMU's co-curricular clubs offer opportunities for you to uncover hidden talents, skills, and competencies, so that you can have a truly well-rounded experience with more than 120 co-curricular activities (CCAs) to choose from. And if you can't find a club you like, you can start your own!

“Studying at SMU allowed me to balance both academics and CCAs.

In today's dynamic world, the corporate world wants to know about your diverse interests and capabilities. SMU offered this vibrancy in terms of the city locale as well as the options it offers outside of academic life.”

Deepika Chandrasekar

School of Economics

Formerly from Global Indian International School

HOME AWAY FROM HOME

We are proud of our diverse international community at SMU and want students to feel right at home while they are here. The SMU International Connections or ICON was started by our student ambassadors to foster a strong family culture and promote the well-being of international students. Join us and be a part of our SMU family!

SCORE A DREAM JOB BEFORE YOU GRADUATE

Our graduates are well sought after across different industries and perform consistently well in the annual Graduate Employment Survey (GES)*. In 2017, graduates across all six of SMU's undergraduate degree programmes scored an all-time high in terms of starting salaries and employment rates in the GES.

Dato' Kho Hui Meng Career Centre (DKHMCC)

Drop in for a chat! We have a dedicated Career Centre, open five days a week, offering counselling and job matching services. Every student gets paired with a career counsellor from day one. It's never too early to start planning your career!

*The 2017 Graduate Employment Survey was conducted by SMU and the other Autonomous Universities in Singapore

"Being at SMU was a defining and extraordinary experience. It was my first time living away from home and managing my own finances. In addition to my major in Information Systems, I also took on a second major in Legal Studies. It was uncommon but after graduation, the graduates who stand out are those who can **apply content with a fresh perspective.**"

Dhillshara E Menon
 Manager-Management Consulting
 Accenture Australia
 Bachelor of Science (Information Systems)

"Internships are a great way to find out more about different firms, different kinds of work, and to see how some of the **things you learnt in school are being applied** in a commercial setting."

Yap Hsien Liang
 Equity Research Analyst, Goldman Sachs
 Bachelor of Accountancy and Bachelor of Business Management

"In SMU, we are assigned a career counsellor and **my career counsellor personally helped me refine my interview skills as well as provided seasoned perspectives** on how I should approach my career."

Elizabelle Ong Xin Yi
 SMU Scholar
 School of Economics

DESIGN YOUR JOURNEY TO SUCCESS

SMU offers a wide array of courses and programmes that will help you shape the kind of future you have always dreamed of.

15
double degree combinations across our 6 schools

300+
double major combinations across 44 majors and tracks

More than 70% of our students graduate with either double degrees or double majors

Core Foundation for Life

The new Core Curriculum comprises twelve carefully selected courses to initiate undergraduates into their journey to become well-rounded SMU graduates. These include courses on numeracy, ethics and social responsibility, critical thinking, innovation and more.

Maximum Flexibility

The curriculum is designed to give you absolute freedom, so you can focus on specialised courses within your school or explore courses completely unrelated to your major – just because you can. SMU is the only local university that does not package our degree programmes. We're serious – with more than 300 possible combinations of double majors and double degrees available across six schools, you don't need to stop at one!

It's Your Journey

You get to decide on your classes, your majors, and whether you want to graduate in three-and-a-half years or four years. So, take charge of your academic experience and make it the most challenging intellectual journey of your life.

BACHELOR OF ACCOUNTANCY

The SMU Bachelor of Accountancy (BAcc) has been accredited and endorsed by 11 educational accreditation and professional industry bodies, the Institute of Singapore Chartered Accountants (ISCA), the Accounting and Corporate Regulatory Authority (ACRA), Singapore Accountancy Commission (SAC), CPA Australia, the Chartered Accountants Australia and New Zealand (CA ANZ), the Institute of Chartered Accountants in England and Wales (ICAEW), the Chartered Institute of Management Accountants (CIMA), the Institute of Management Accountants (IMA), Association of Chartered Certified Accountants (ACCA), AACSB International and the Institute of Certified Management Accountants (ICMA).

Our programme provides a holistic education emphasising real-world readiness. Centred on a strong accounting core, the curriculum is broad-based, covering business, technology, entrepreneurship, leadership skills, communications and social responsibility. Internship and community service are required as they better prepare our students for the corporate world. You can also be among the first to graduate with our newly launched 2nd Major in Accounting Data & Analytics, the first of its kind in Singapore.

BACHELOR OF BUSINESS MANAGEMENT

The Lee Kong Chian School of Business (LKCSB) is one of the youngest schools worldwide to be conferred both the prestigious AACSB and EQUIS accreditations. Our Bachelor of Business Management (BBM) offers students a diverse range of majors.

Students can choose from eight business majors: Corporate Communication, Entrepreneurship, Finance, Marketing, Operations Management, Organisational Behaviour and Human Resources, Quantitative Finance, or Strategic Management.

LKCSB's Entrepreneurship major provides students with unique guidance towards becoming entrepreneurs. Undergraduates learn about creating new businesses, with this learning culminating in a practicum where students launch a new venture while still at SMU.

LKCSB also partners with the Singapore University of Technology and Design (SUTD) to offer the Dual Degree Programme in Technology and Management. Students enrolled in this programme will graduate with two Bachelor degrees – an SUTD Engineering degree and the SMU BBM degree within 5 years. Visit ugadmissions.sutd.edu.sg for more information.

BACHELOR OF SCIENCE (ECONOMICS)

The School of Economics is one of Asia's leading research schools with a faculty recognised internationally for their contributions to economic research. Our rigorous curriculum is designed to train students to think about real-world issues and equip them with a unified method to solve them.

Our students are empowered to interpret and anticipate both local and global trends with the robust framework of an economist. With strong foundation courses and a wide range of elective courses designed for relevance, including some rarely found in other undergraduate programmes – such as Real Estate Economics, Health Economics, Economics of Ageing, Economics of Politics, Empirical Industrial Economics, and Organisational Economics – our students are exposed to a wide range of applications of economic principles to current global issues.

Within the Economics major, students have flexibility in their choice of courses but may also choose specifically designed combinations of courses, such as the Quantitative Economics Track and the Maritime Economics Track. In addition, our students can opt for a second major within the School of Economics, in Actuarial Science or Applied Statistics, or a second major offered through one of the other schools or even a double degree.

BACHELOR OF SCIENCE (INFORMATION SYSTEMS)

The Bachelor of Science (Information Systems) enjoys a strong reputation of producing job-ready professionals who are versatile in employing information technology to address business needs. With Singapore's rising demand for Infocomm workers (projected by the government to be as high as 30,000 by 2020), our graduates will continue to enjoy diverse employment opportunities and an enviable rate of employment and salary.

As the IT school in Singapore Management University, we aim for excellence both in fundamental contributions to academic knowledge, as well as in creating technological solutions for the future of business and society. Our faculty includes several world-class scholars and rising stars in their respective disciplines. Our research portfolio is well aligned with Singapore's national initiatives like Smart Nation, Cybersecurity and Urban Management, and includes a number of funded, multi-million dollar projects in our focus areas. Our school regularly collaborates with many government agencies and leading industry players in creating innovative solutions that give value to society and business.

The Bachelor of Science (Computer Science) degree will be launched in Academic Year 2019/2020 and will impart deep technology and systems skills to equip graduates to build and manage complex IT solutions.

BACHELOR OF LAWS

The undergraduate Law programme aims to transform students into excellent lawyers who will contribute significantly to society. The objective is to produce law graduates who have contextualised legal expertise and the ability to think across disciplines and geographical borders. In terms of pedagogy, SMU's seminar-style learning will be put to good effect to nurture students who are confident, articulate and analytically agile.

The Law School offers a 4-year full-time Bachelor of Laws (LL.B.) programme, as well as a 5-year double-degree programme which combines law with SMU's existing non-Law programmes in Accountancy, Business, Economics, Information Systems and Social Sciences. As a meritorious honours programme, our LL.B. comprises 36 course units (CU) worth of courses. The LL.B. curriculum is endorsed by the Ministry of Law and Singapore Institute of Legal Education.

Our curriculum consists of a deliberate mix of University Core courses, Law Core courses, Law-related courses and Law electives to ensure that graduates possess the desired contextual and cross-border knowledge and expertise.

BACHELOR OF SOCIAL SCIENCE

The Bachelor of Social Science (BSocSc) programme delivers an integrative and broad-based undergraduate education with two distinct specialisation paths. You may choose a path that enables you to major in one of the three disciplines – Psychology, Political Science and Sociology, which is similar to Cambridge University's HSPS (Human, Social and Political Science).

Alternatively, you may choose to take the new Politics, Law and Economics (PLE) major, the first of its kind in Singapore. Introduced in early 2016, it attracted a total of 1,108 applications for the 45 places in the course within its first year of implementation. The overwhelming response came from students' interest to gain a deeper understanding of how politics, law, and economics intersect to shape our world. The curriculum will be integrated with internships and study abroad programmes, so that students will have opportunities to work with partner organisations and apply their knowledge to real-world problems.

The interdisciplinary nature of the Bachelor of Social Science programme means that you will be well-equipped with the knowledge and skills to handle multi-faceted jobs across the private and public sectors. Possible careers include consulting, communications, education, entrepreneurship, financial analysis, human resource management, journalism, marketing, public administration, and policy research, amongst others.

MAJORS & TRACKS

Majors offered by School of Accountancy

For students from other schools within SMU

- Technology for Business

"I took Information Systems and Marketing (two majors). While some might see them as two separate worlds, I see them as

synergistic.

In a company like McDonald's, IT and Marketing work hand in hand because IT enables the transactions while Marketing drives the transactions. I think I've benefited greatly from taking two majors."

Benjamin Boh
Director, Strategy & Insights
McDonald's Japan
Bachelor of Science
(Information Systems) with
a second major in Marketing

*The information above is accurate as of 1 October 2018 and is subject to change.

AN INVESTMENT IN YOUR FUTURE

Quality education should be kept affordable and accessible to all.

Your SMU tuition fees are highly subsidised by the Singapore Government in the form of a tuition grant.

Annual Tuition Fees For Academic Year 2018–2019* Entering Freshmen (Term 1 And Term 2)				
Undergraduate programme	Annual Subsidised Fees Payable by Singapore Citizens (Exclusive of GST)	Annual Subsidised Fees Payable by Singapore Permanent Residents (Exclusive of GST)	Annual Subsidised Fees Payable by International Students (Inclusive of GST)	Annual Non-subsidised fees (Inclusive of GST)
Accountancy Business Management Information Systems Economics Social Science	S\$11,450	S\$16,000	S\$24,500	S\$43,870
Law	S\$12,650	S\$17,700	S\$27,050	S\$45,590

*Tuition fees are subject to change from year to year. The subsidised fees for Singapore Citizens and Permanent Residents shown are without GST which is separately funded by the Singapore Government. The subsidised fees for International Students and non-subsidised fees are inclusive of 7% GST. The tuition fees for 2019-2020 are not yet out.

Special Term (Term 3) Fees Per Course For Academic Year 2018–2019 Entering Freshmen				
Undergraduate programme	Annual Subsidised Fees Payable by Singapore Citizens (Exclusive of GST)	Annual Subsidised Fees Payable by Singapore Permanent Residents (Exclusive of GST)	Annual Subsidised Fees Payable by International Students (Inclusive of GST)	Annual Non-subsidised fees (Inclusive of GST)
Accountancy Business Management Information Systems Economics Social Science	S\$1,145	S\$1,600	S\$2,450	S\$4,387
Law	S\$1,265	S\$1,770	S\$2,705	S\$4,559

Term 3 or Special Term falls during the university vacation period. This term comprises two sub-terms (Term 3A and Term 3B), each lasting 5 weeks. A limited number of courses are offered. Males serving Singapore National Service who have places in SMU may opt to start school early by enrolling in Term 3 courses.

Fixed fee model

We adopt the fixed fee model, which guarantees that tuition fees remain unchanged throughout the normal duration of study at SMU (4 years). However, tuition fees for every incoming freshmen cohort are subject to change from year to year.

Annual tuition fees with tuition grant

Singapore Permanent Residents and International Students paying subsidised fees must take up the tuition grant and sign a Tuition Grant Deed, which will require them to work in Singapore-registered companies for three years upon graduation from SMU.

Annual tuition fees without tuition grant

Students who are not eligible for or choose not to take the tuition grant pay the non-subsidised fees. Students paying non-subsidised fees will not be bound by the 3-year work obligation.

SCHOLARSHIP OPPORTUNITIES

At SMU, we offer a wide range of merit-based scholarships for deserving students. Some scholarships are tenable for the full duration of the undergraduate degree programme, depending on academic performance. Any full-time student can apply for SMU scholarships as long as they meet the eligibility criteria. These are just some of the scholarships offered by SMU:

- ASEAN Undergraduate Scholarship
- Kewalram Chanrai Group Endowed Scholarship
- Lee Kong Chian Scholars' Programme
- Li Ka Shing Endowed Scholarship
- Shirin Fozdar Scholarship
- SMU International Scholarship
- Tahir Indonesian Scholarship

"I especially loved learning about political science because what I was learning was **happening and unfolding in the real world**, creating great relevance and meaning for me as a student."

Jaclyn Low Minmin
Producer, Mediacorp
Double degree in Business Management and Social Sciences,
Lee Kong Chian Scholars' Programme recipient
