Three Campuses in China and Xiamen University Malaysia

Xiamen University enjoys fine campuses and an excellent teaching and research environment. It is one of the best universities in China in terms of teaching and research facilities, its digital library system, and its campus network.

Xiamen University has one of the most scenic campuses in China, nestled at the bottom of green mountains and surrounded by sea. Its striking buildings blend Eastern and Western styles. - *The Telegraph* 2012

Xiamen University is the first Chinese university to have a campus outside China. The campus will accommodate 10,000 students at its full capacity and it marks another milestone in education cooperation between China and ASEAN countries. It has been dubbed as the sparkling gem on the crown of the Belt and Road Initiative.

About Xiamen

Host City of 2017 BRICS Summit
One of the starting points of the Maritime Silk Road
One of China's five Special Economic Zones
Landmass: 1,699.39 sq. kilometers
Coastline: 390 sq. kilometers
Population (by 2016): 3,920,000
Xiamen enjoys a subtropical climate, which is generally mild and temperate with plentiful rainfall.
Average annual temperature: $\approx 21^{\circ}\text{C}$
Average annual rainfall: $\approx 1,200\text{ mm}$

Awards

UN Habitat Scroll of Honor Award
International Garden City
China's Top 10 Most Livable Cities
Most Innovative International Conference & Exhibition City
National Model City for Environmental Protection
Model City of Science and Technology Development
National City of Excellence in Tourism
City of Excellence in Civil Ethics
Top Destination for Foreign Investment

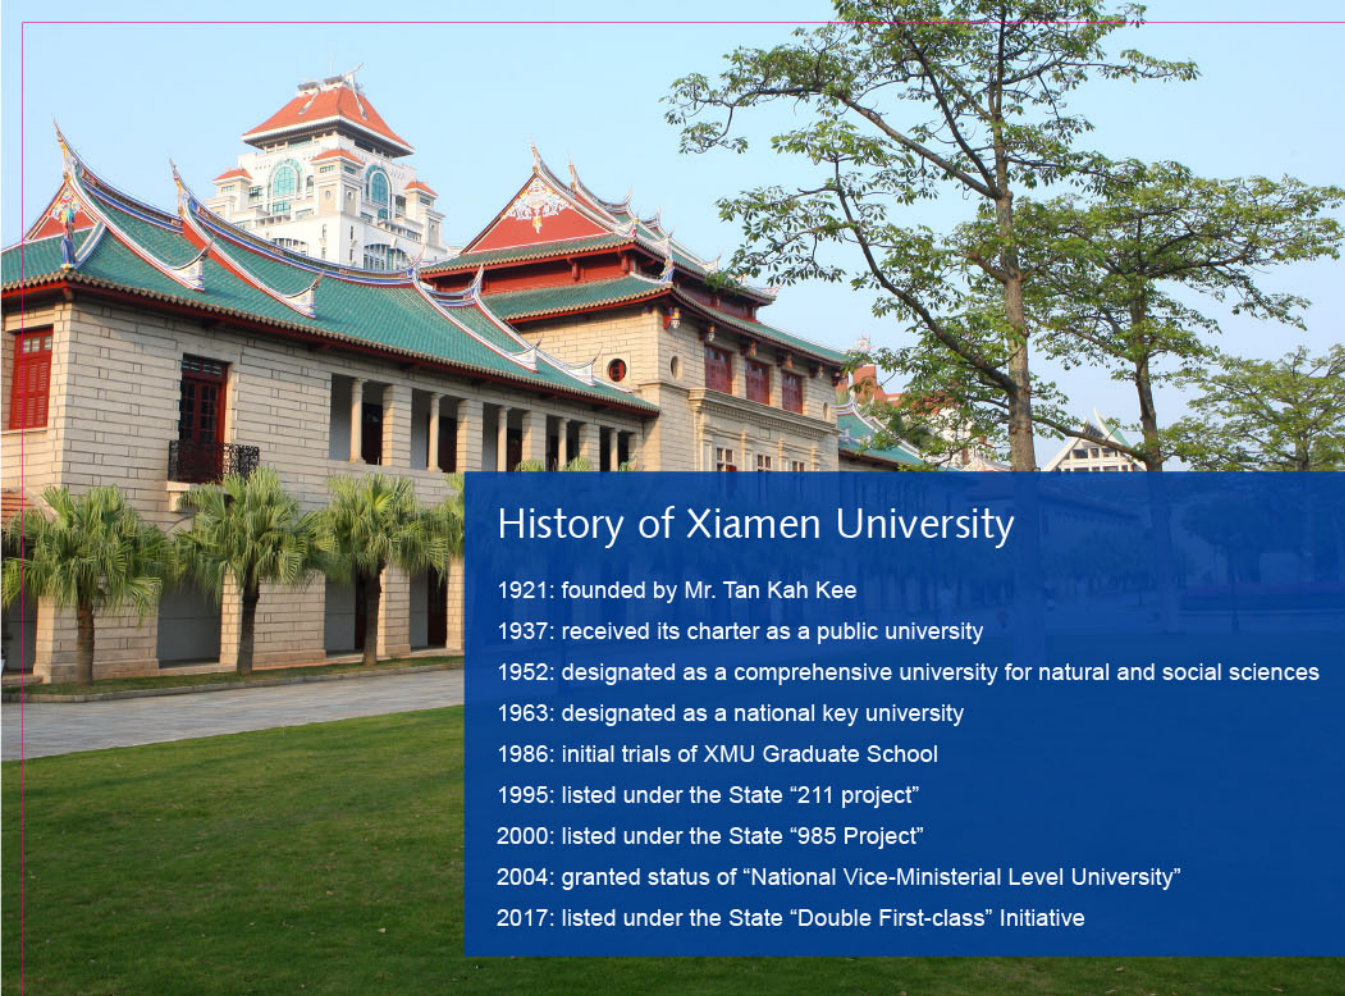

East meets West

The languages spoken in Xiamen include Mandarin and Minnan Dialect (Southern Fujian dialect), with many fluent in English.
The main religions in Xiamen include Buddhism, Christianity (both Catholic and Protestant) and Islam.

廈門大學
XIAMEN UNIVERSITY

Overview

Xiamen University (XMU) was founded in 1921 by Mr. Tan Kah Kee, the renowned overseas Chinese leader, and is the first university established by an overseas Chinese in modern China. The University has long been listed among China's leading universities on the national "211 Project", "985 Project" and "Double First-class" Initiative, which have been launched by the Chinese government to support selected universities in achieving world-class standing.

Since its founding, inspired by its motto of "Pursue Excellence, Strive for Perfection," XMU has accumulated rich experience and formulated its own educational distinctives in its operation, growing into a national key comprehensive university with a full range of disciplines, high-caliber faculty members and extensive international influence. Since its inception, XMU has educated over 300,000 graduates and has been home to more than 60 academicians of the Chinese Academy of Sciences (CAS) or the Chinese Academy of Engineering (CAE).

XMU currently comprises a graduate school, 6 faculties, 28 schools (with 76 departments), and 14 research institutes, covering a full range of disciplines that include humanities, social sciences, natural sciences, engineering and technological sciences, management, art, and medical science. 11 subjects in XMU are ranked by ESI as among the global top 1% (*Essential Science Indicators* 2017).

At present, XMU has a full-time academic staff of 2,718, including 1,826 full and associate professors (67% of the academic staff) and 2,228 doctoral degree holders (82% of the academic staff).

Xiamen University has set out its centennial goal of becoming a high-level research university well-known both at home and abroad by 2021.

Fast Facts

Listed under China's "Double First-class" Initiative

"Double First-class" Disciplines (Chemistry, Marine Science, Biology, Ecology, Statistics)

China's first university to operate an overseas campus (Xiamen University Malaysia)

"Cradle of Modern Chinese Oceanography"

Mainland China's first university to award the MBA degree

China's leading Chemistry Department

China's leading School of Economics

China's first Institute of Higher Education Research

China's first modern college for overseas students—the Overseas Education College

Mainland China's university with the closest academic ties with Taiwan

China's first Institute of Southeast Asia and Overseas Chinese Studies

One of China's first universities to teach International Law

Students

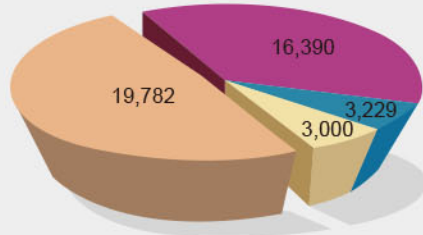

Total student population: around 40,000

Undergraduates: 19,782

Master's candidates: 16,390

Doctoral candidates: 3,229

Overseas students: over 3,000

Faculty & Staff

Faculty and staff: 4,746

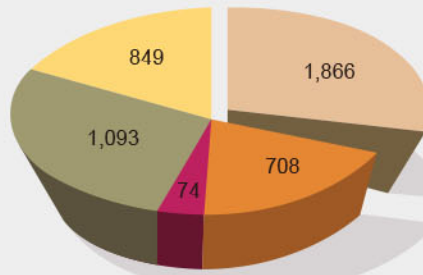

Professors and Associate Professors: 1,866 (including 22 Academicians)

Lecturers: 708

Assistant Teachers: 74

Technical Staff: 1,093

Administrative Staff: 849

Schools & Programs

Colleges and Schools: 28

Research institutes and centers: over 200

Departments: 76

Undergraduate programs: 83

Master's programs: 276

Doctoral programs: 187

Global Engagement

Actively seeking to enhance its global engagement, XMU has entered into partnership agreements with more than 300 universities around the world. Xiamen University has initiated and participated in a number of global networks, such as GU8 Consortium, University Consortium of 21st Century Maritime Silk Road, ASEAN University Network, Erasmus+ Program, Global Engineering Education Exchange, etc.

XMU has also played a significant role in the international promotion of Chinese language, co-establishing 16 Confucius Institutes with its partner universities in North America, Europe, Asia, Africa and other regions and being authorized by the Chinese government to build the Academy for Confucius Institute Directors.

Due to its favorable geographical and cultural proximities to Taiwan, XMU has become a leading center for Taiwan Studies and the academic and cultural exchanges with Taiwan.

Xiamen University Malaysia (XMUM) held its ground-breaking ceremony in Kuala Lumpur in July 2014, becoming the first overseas campus set up by a renowned comprehensive Chinese university, and February 2016 witnessed the inauguration ceremony for the first batch of students at XMUM. XMUM currently offers 13 degree programs with an enrolment of 2,600 students and a staff of 200, and has been authorized to set up Fujian Provincial Government Scholarships. Dubbed a sparkling gem on the crown of the Belt and Road Initiative, XMUM has been written into the recent China-Malaysia Joint Press Statement.

Programs in English for International Students

No.	Programs	Degree Awarded	Colleges/Schools
1	Economics	Bachelor of Economics	School of Economics
2	Finance		
3	International Business	Bachelor of Management	
4	Clinical Medicine (MBBS)	Bachelor of Medicine & Bachelor of Surgery	Medical College
5	Chinese Philosophy	Master of Philosophy	School of Humanities
6	Civil and Commercial Law	Master of Law	School of Law
7	Fiscal and Tax Law		
8	International Relations	Master of Law	College of International Relations
9	International Trade	Master of Economics	School of Economics
10	Marine Affairs	Master of Science	Coastal and Ocean Management Institute
11	Chemical Engineering	Master of Engineering	College of Chemistry and Chemical Engineering
12	Physical Chemistry	Master of Science	Wang Yanan Institute for Studies in Economics
13	Computer Science and Technology	Master of Engineering	
14	Finance	Master of Economics	
15	Financial Engineering		
16	Western Economics		
17	Quantitative Economics		
18	Management Economics	Master of Management	Institute for Financial & Accounting Studies
19	Finance		
20	Accounting

Scientific Research

In recent years, Xiamen University has placed itself at the forefront of cutting-edge research in science and other areas of national importance. It has tapped its full potential of foundational research and is actively developing foundational applied science research, with its ability to undertake major research projects constantly improving. Xiamen University also makes a great contribution to economic construction and social development on both the local and the national scale.

The university has made outstanding achievements in independent scientific research innovation and research transfer. These include the first rapid diagnosis reagent kits for hepatitis C5 and H5N1 bird flu virus vaccines, and the industrialization of Hepatitis E and HPV vaccines. Two professors of Xiamen University have been listed among Biotech's Top 20 Translational Researchers of 2016 according to *Nature Biotechnology* magazine (December 9, 2017). They are the first Mainland Chinese researchers to be listed in this ranking. In terms of research outputs published between 2016 and 2017, Xiamen University ranks the 9th among Mainland China institutions (*Nature Index* 2018).

Xiamen University is home to a 3,500-ton research vessel Tan Kah Kee (R/V TTK), the first world class general-purpose marine research vessel in China and it operates as a member of China Marine Research Fleet. The vessel is named in honor of Mr. Tan Kah Kee, the founding father of Xiamen University. Equipped with state-of-the-art facilities, it can carry out multi-disciplinary field observations in global ice-free waters.

Championships Won by XMU Students

Regular Medalist in national and International Competitions:

"The Challenge Cup" National University Student Entrepreneurship Competition

Solar Decathlon China

China-US Young Maker Competition

COMAP's Mathematical Contest in Modeling

International Genetically Engineered Machine Competition

International Robot Hands-On Competition

ACM International Collegiate Programming Competition

Philip C Jessup International Law Moot Court Competition

International Underwater Robot Competition

Vibrant Campus Culture

Xiamen University attaches great importance to the overall quality of education, fostering a campus culture that emphasizes activity in such areas as science and technology, social undertakings, entertainments and the arts, and fitness activities. In addition to the regular sports activities, Xiamen University also offers sports courses like scuba diving, competitive tree-climbing, boat sailing, and golfing to its students.
