The deadline for the spring semester is **1st November**.

The deadline for the autumn semester is **1st June**.

The Spring Semester in 2012/2013 academic year starts on 4th February and lasts till 30th June.

Once the documents of the proposed student are approved by Academic Mobility Department, **the hostel is automatically booked** for the student and SPbSPU international coordinators apply for an official invitation.

2. INVITATIONS

Those students, who would like to study at SPbSPU for more than 3 months, need official invitations from Migration Services. To make these invitations, SPbSPU applies to Federal Migration Services. **It takes about a month for the invitation to be prepared.**

When the invitation is ready the international coordinators send the copy of it to student's e-mail and the original paper either to University post address or student's home address, indicated in the Application Form as "*Present mailing address*".

Please, pay attention!

The invitation is always done for one time entrance visa for 90 days only. It would be prolonged and changed to a multi visa after student's arrival at SPbSPU.

3. EDUCATION

Unfortunately, not every department at SPbSPU has the list of current courses on the web-site of the University. That's why most exchange students can't choose subjects in advance and form their Study Plan only after their arrival. **Students may choose any courses they like from the schedule of a particular Faculty.** However it is not allowed to combine courses from two or more different Faculties.

All exchange students may attend Russian Language courses in amount of 8 academic hours per week during the whole exchange period.

4. ECTS INFORMATION

All exchange students receive certificates after they pass the exams. The workload in certificates is given both in academic hours and ECTS credits, so the students' records can be recognized by the home University.

5. DURATION OF THE EXCHANGE STUDY PERIOD

The academic year at SPbSPU is divided into two semesters, **the autumn semester and the spring semester.** Each term is followed by the examination weeks at the end. **Autumn semester starts on 1 September and ends (including the examination weeks) late January. Spring semester starts on the first Monday of February and ends (including the examination weeks) at the end of June.** During the summer months some instruction is provided, and some departments are opened for Summer Schools and research work.

6. ACCOMMODATION

University offers a hostel to all exchange students. Students are usually accommodated in double rooms. Two rooms form a block. There is a shared kitchen and a bathroom in each block. Kitchen utensils are not provided with the apartments. Student buildings are also equipped with coin-operated laundry facilities.

Cable internet connection is available in the hostel. Otherwise it can be obtained with the help of Russian mobile companies and other wireless internet providers.

The monthly rate for shared-room in double room apartments with common kitchen facilities is approximately 150 EUR per month (is paid in Russian rubles). Students are required to pay accommodation fee upon signature of the rental contract. Students are asked to pay for the coming semester or for the whole period of staying in Saint-Petersburg if it is less than one semester.

The university does not accept liability for loss of students' property.

7. REGISTRATION AND VISA PROLONGATION

All international students should be registered within 3 working days after their entrance in Russian Federation. To make the registration one should have the following documents:

- passport,
- migration card,

The registration can be done in the registration office of the University. But exchange students are advised to visit Academic Mobility Department first, where all the necessary documents would be picked up.

All foreign students must have sufficient health and life insurance while they are studying at SPbSPU. It is also possible to obtain a Russian Insurance card that can be purchased at SPbSPU on arrival.
