uc3m | Universidad **Carlos III** de Madrid

Assistant Professor positions (tenure-track) in the Department of Telematic Engineering, Universidad Carlos III de Madrid

The Department of Telematic Engineering at Universidad Carlos III de Madrid (UC3M) invites applications for one full-time tenure-track Assistant Professor position, starting on September 1st, 2022.

UC3M (see www.uc3m.es/Home) is a high-ranking young (founded in 1989) research-oriented public Spanish university. The Department of Engineering Telematics (see https://www.it.uc3m.es/) is involved in education and research on Advanced Internet Services and Applications such as Technology Enhanced Learning, Social Network Analysis, Computational Social Choice, Machine Learning Models and Pervasive Computing, and has been consistently ranked as the best Department in its area in Spain by the main national ranking of 'El Mundo'.

Job requirements include:

- An excellent track record of research experience in any of the areas of the Department, reflected in high-quality internationally refereed publications.
- A PhD in related fields.
- Solid experience on the participation in competitive European projects, and in projects with the industry.
- Demonstrated teaching experience and/or proven didactic skills.
- Excellent proficiency in English (written and verbal, as faculty are expected to teach courses in English, both at the undergraduate and graduate levels). Proficiency in Spanish is desired but not mandatory.

Conditions of employment include:

- A contract subject to internal evaluations, with the prospect of becoming a tenured Associate Professor (*Profesor Titular*), subject to Spanish and University regulations.
- The teaching load and salary will be negotiable according to the candidate's profile and experience.

Foreign applicants must have valid documentation to work in Spain before starting.

By the **deadline of May 31st, 2022**, applicants should send the following by email to secretario@inv.it.uc3m.es (the subject of the email must include the text [Assistant Professor Position 2022]):

- A cover letter including statements of research and teaching interests and goals.
- A curriculum vitae.
- At least two letters of reference, to be sent by letter writers to the above address.

The selection of the candidate with the most suitable profile for the position will be made by the department's hiring commission.
