

TUTORIAL TO CHECK AVAILABLE COURSES

VERY IMPORTANT INFORMATION BEFORE STARTING TO CHECK AVAILABLE COURSES

1. - Before starting the enrollment process you must have checked the offer of available subjects.

2. - Bear in mind that there will be two different periods to consult the available courses:

- First period: To check the courses, prerequisites, groups, timetable.

- Second period: Additionally, you will also be able to see the available spots.

3. - Once accessing to the program, take into account that **all subjects that you see on screen are subjects that are available for you to enroll in, although they might not be directly connected to your field of studies.**

HOW TO SEE AVAILABLE COURSES AT UC3M

The Registration of UC3M courses will be divided into 3 different steps:

A) Consult available courses:

During this period the access is limited as to look which are the courses available for you at UC3M and which are the ones that you may be most interested in.

We highly recommend that you take your time to check carefully the available courses. Please make sure that the groups you choose **do not overlap** with each other. It is also really important to look for some alternative courses in case that your first option may be already full. Remember that attendance at UC3M classes is mandatory.

B) Register the courses you are interested in:

In this period you can officially register for your UC3M courses. The courses you select will be the courses you will be taking throughout your stay.

VERY IMPORTANT! TO COMPLETE BOTH STEPS: YOU MUST HAVE ACTIVATED YOUR UC3M ACCOUNT. If you have not done so yet, please click on:

https://www.uc3m.es/ss/Satellite/UC3MInstitucional/en/TextoMixta/1371220461085/

C) Change period:

You could access again the online program to make the last changes on your courses at UC3M. You could add/delete/change courses as many times as the period will be open.

Remember that all the process will be online so you will only need a computer with internet connection.

A) HOW TO CHECK AVAILABLE COURSES AT UC3M

Please visit the website in order to know when the registration program will open to check the available courses.

The following instructions will explain you how to check the available courses, their codes, groups, timetables and languages of instruction.

Please remember that it will be **ONLY possible to check** the courses, but not to enroll in them. After checking the courses we strongly recommend that you already fill in your provisional timetable to make sure that your chosen courses do not overlap.

Please visit <u>https://sigma.uc3m.es/InicioAlumno.html</u> to log in the program and enter:

- a. Your UC3M username (100xxxxx)
- b. Your **personal password** (the one you have selected when activating your UC3M account)

Then click on Entrar:

- First of all you will see how many weeks this course lasts and the meaning of S1, S2, etc E.g. week S1 means the one from January 23rd.
- Then you will see the information connected with the group, free places and language in which it is taught in. The difference among the groups is the timetable and the language. This is why it is important to fill in a timetable sheet in order to be sure that the chosen groups do not overlap.
- Finally, you will also see which days of the week you have to attend the course and its classroom number.
- If you choose group 70, you will see that there are 4 available spots and that it is taught in English. You should have to attend your course **twice** a week, Tuesdays (9 to 10.30 room 10.2.4) and Fridays (10.45 to 12.15 room aula 6.1.05 Bis).

Please remember that you are only checking groups. YOU ARE NOT REGISTERING YOUR COURSES YET.

Please write down the groups you prefer in a timetable sheet to be sure that your chosen courses do not overlap.
